## Charges are affordable

The high quality of service provided by Wilkinson Plumbers does not mean higher charges.

In a recent survey the company's transparent pricing structure was very much 'middle of the road', and when combined with our comprehensive back up services and workmanship guarantees.

Our charges are very competitive and provide sound value for money. Work is carried out on a 1/4 hourly rate (1 hour minimum), or a fixed price can be given for larger jobs.

Our rates are completely transparent and a full schedule is given and agreed before work commences, and all invoices show a full breakdown on how your job has been priced and costed.

*\*We do not charge call out fee to local addresses within Aldinga Beach for programmed work during normal business hours (Mon-Fri 7am-6pm)*

## Our Guarantee

We provide a full 12 month guarantee on all our work, which, in certain circumstances, can be upgraded to 2 years on some types of installations.

If you have any unresolved queries, require further information or fail to be completely satisfied with any work carried out by Wilkinson Plumbing then please contact us, quoting your invoice number, using the contact details below and we will deal with the matter immediately.
